**REFERENCE :** Case [REDACTED] ORR/IP-386

1. In response to your request of 10 December 1954, the attached paper has been prepared in the Economic Research Area of ORR.

2. It is noted that, because of source limitations, we have been unable to provide the requested description of interrelations of the named firms. These limitations and possible methods of overcoming them are discussed in the report.

3. It is certified that no information of a higher security classification than "SECRET/NOFORN" was used in preparing this report. However, it is suggested that use of the report be limited to CIA internal use only because of the sensitivity of several of the sources used.
